(ii) Delays Due to OEM Modification

Delays with respect to Brooks' originally committed shipment dates which result from OEM requested and Brooks approved modifications to the Products in question shall be considered OEM's responsibility and, in such cases, OEM waives its right to cancel the pertinent Purchase Order without payment of the cancellation charges as defined in Article 3(c). Brooks reserves the right to alter delivery schedules, prices and discounts of any and all Products modified as agreed by OEM and Brooks, and shall notify OEM, in writing, of any such alteration as applicable. Within ten (10) business days of the sending of such written notice, OEM shall elect to either: a) cancel the affected Purchase Order and pay the cancellation charges required under Article 3(c); b) confirm, in writing, its acceptance of the alterations to delivery schedules, prices and discounts; or c) rescind, in writing, its request for modification.

In either case, Brooks will maintain or arrange for insurance, on OEM's behalf and at OEM's expense, for the full purchase price of the Brooks Equipment. If Brooks Equipment is stored for ninety (90) days or more, the Brooks Equipment will be returned to Brooks' facility to undergo quality assurance procedures prior to reshipment. The cost of transportation and the performance of the quality assurance procedures, at Brooks' then applicable field service rates, will be paid by OEM. In cases where handling and storage become necessary per above, it will be the responsibility of OEM to notify Brooks when shipment is to be made.

7. TESTING

(a) Testing by Brooks

8. WARRANTY AND SERVICES

(a) Warranty

(i) Brooks shall warrant the Products to be free from defects caused by faulty materials or poor workmanship and to conform to specifications furnished or approved by Brooks for fifteen (15) months from the date of shipment from Brooks to OEM as set forth in Article 6(a) hereof, except that:

Serialized Parts	12 Months
Consumable Parts	30 Days

Unless otherwise noted, Depot Repaired products carry a warranty from the Brooks shipment date per the following schedule:

The Warranty Services of this paragraph (i) shall only be provided during Brooks' local normal business hours with initial response time of next business day and at a Brooks facility selected by Brooks. OEM will pay the cost of shipping Products for Warranty Services from OEM's site or Customer's site to Brooks and the cost of shipping repaired or replaced Products from Brooks to OEM's site or Customer's site. All returns must be received by Brooks within 21 days of the shipment date of the replacement product to avoid being assessed a charge equal to the prevailing list price of the Product in question. Should Brooks deem it necessary, Brooks will provide the Warranty Services at OEM's site and at no charge for parts, labor or travel. On-site support response will be provided on a reasonable basis, when on-site support is deemed necessary by Brooks. Alternatively, should Brooks deem it necessary, Brooks will provide the Warranty Services at Customer's site at no charge for parts, but at OEM's expense for labor and travel expenses. Warranty labor provided by Brooks includes only time spent actively troubleshooting, investigating and replacing defective material including nominal stand-by time. Labor for excessive wait and stand-by times will not be covered under warranty and will be billed at Brooks' prevailing field service rates. Brooks technical support team may troubleshoot by phone and provide non-consumable parts to restore the functionality of the Product in the field. The Warranty Period does not restart for Products repaired during warranty.

(ii) The OEM will be responsible for any "first level" service or maintenance during the Warranty Period.

To provide first level support, the OEM will (i) have field service engineers trained by Brooks; (ii) will have purchased all spare parts from Brooks, tooling and fixtures; and (iii) will follow all Brooks' troubleshooting, corrective and preventative maintenance procedures and technical manuals. Brooks shall provide "second level" support and will visit the OEM or End User site for labor.

(iii) THE FOREGOING WARRANTY IN PARAGRAPH (i) ABOVE IS IN LIEU OF AND EXCLUDES ALL OTHER WARRANTIES NOT EXPRESSLY SET FORTH HEREIN, WHETHER EXPRESSED OR IMPLIED BY OPERATION OF LAW OR OTHERWISE, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ANY INSTALLATION, MAINTENANCE, REPAIR, SERVICE, RELOCATION OR ALTERATION TO OR OF, OR OTHER TAMPERING WITH, THE PRODUCTS PERFORMED BY ANY PERSON OR ENTITY OTHER THAN BROOKS WITHOUT BROOKS' PRIOR WRITTEN APPROVAL, OR ANY USE OF REPLACEMENT PARTS NOT SUPPLIED BY BROOKS, SHALL IMMEDIATELY VOID AND CANCEL ALL WARRANTIES WITH RESPECT TO THE AFFECTED PRODUCTS.

(iv) Brooks's liability hereunder in any case is expressly limited to the replacement (but not installation) of components or subcomponents of the Products not complying with this Agreement or at Brooks' election, to the repayment of, or crediting OEM (or Customers, as applicable) with, an amount equal to the amounts received by Brooks for such Products, whether such liability is for breach of warranty or negligence. Replacement part will be new or like-new equivalent parts. All replaced parts will become the property of Brooks or its representative on an exchange basis. The warranty under paragraph (i) above shall not apply to any Product which shall have been: (a) repaired or altered other than by Brooks or its authorized or approved service personnel; (b) subjected to physical or electrical or other environmental abuse or misuse, including, without limitation, improper storage or installation which is not in accordance with Brooks' specifications; (c) operated in any manner inconsistent with the applicable Brooks instructions for use; or (d) defective for any reason not attributable to Brooks. Corrective services of any nature required from Brooks, or its representatives, for the Products due to inadequate or inaccurate information supplied by OEM, changes in OEM's business requirements, or any of the conditions listed in the previous sentence, are not included as part of the Brooks obligations or warranties, and will be provided, depending on available resources, at Brooks' then current rates. Brooks' obligation under any warranty does not include, and Brooks shall not have any liability for, any work required to restore or rebuild files or other data or material destroyed due to System malfunction. Unless otherwise agreed in writing, the warranty does not include onsite research and development (R&D) or engineering support, application changes, preventive maintenance, training, upgrades, continuous improvement projects (CIPs) and software containing major enhancements or significant new functionality. Warranty Services may be performed by Brooks' subsidiaries, branches or distributors ("Agent").

(b) Installation and Training

Brooks shall provide installation, installation assistance and training only to the extent expressly provided herein, or in a statement of work referencing this Agreement. Except as expressly provided, site preparation and installation are the sole responsibility of the OEM. Brooks does not accept responsibility for the connection of the Systems to non-Brooks OEM products. Should OEM connect or request Brooks to connect the Systems to any non-Brooks OEM products, Brooks shall have no liability for any malfunction or damage which may result.

(c) Post-Warranty Services

Post-Warranty services provided to OEM by Brooks for Brooks Products, shall be provided in accordance with the then-applicable Brooks terms and conditions of field service labor services.

9. RETURN MATERIAL AUTHORIZATION NUMBER

If OEM returns the Products to Brooks subject to Article 8 above, OEM shall request a Return Material Authorization number from Brooks.

10. INFRINGEMENT

(a) For Brooks Products, only, and subject to the limitations of liability stated in Section 12, Brooks agrees to: (1) defend any suit or proceeding against OEM, insofar as it is based on a claim or action by third parties alleging that a Brooks Product delivered to OEM directly infringes a U.S. trademark, copyright, mask works right or patent of a third party, and (2) pay all damages and costs, including legal fees, which may be assessed against OEM in such action that are attributable to such claim; provided, however, that OEM shall give Brooks prompt notice, in writing, of all such claims or actions instituted against it, and an opportunity to elect to take over, settle or defend the same through counsel of Brooks' own choice and under Brooks' sole discretion and at Brooks' own expense, and will make available to Brooks in the event of such election, all defenses against such claims or actions, known or available to OEM. If a Brooks Product become (or in Brooks' reasonable opinion is likely to become) the subject of any such action or claim, Brooks shall, at its option and expense, pursue one or more of the following options:

- (i) Procure for OEM the right to continue using such Brooks Product; or
- (ii) Replace or modify such Brooks Product so that it becomes non-infringing while providing equivalent performance; or
- (iii) in the event (i) and (ii) are not practical, refund to OEM the amortized amounts paid by OEM with respect thereto, based on a five (5) year amortization schedule.

Notwithstanding the above, Brooks shall not be obligated to indemnify or hold harmless OEM if the alleged infringement arises out of: (1) any combination of Brooks Products with products not supplied or approved in writing by Brooks, where such infringement would not have occurred but for such combination; (2) the modification or customization of Brooks Products not performed by Brooks, where such infringement would not have occurred but for such modification or customization; (3) the use of a Brooks Product in an application for which it was not designed or intended, where such infringement would not have occurred but for such use; (4) a claim based on intellectual property rights owned by OEM or any of companies controlled by, controlling or under common control with OEM; or (5) where the Brooks Products were designed by Brooks to OEM's specification. Contributory infringement is specifically excluded from this indemnity.

This Article 10(a) states OEM's sole and exclusive remedy in the event that a Brooks Product infringes on the intellectual property right of any third party.

(b) In the event a claim is based partially on an indemnified claim described in Article 10(a) above and partially on a non-indemnified claim, any payments and reasonable attorney fees incurred in connection with such claims are to be apportioned between the parties in accordance with the degree of cause attributable to each party.

(c) Obligations related to Third Party Products are expressly excluded from Brooks' obligations to Customer under this Section 10.

11. PRODUCT LIABILITY

OEM shall, at its own cost and expense, indemnify and hold harmless Brooks, its directors, officers, employees, and agents, from and against any and all losses, damages, liabilities, penalties, claims, demands, suits or actions, and related costs and expenses of any kind, including, without limitation, expenses of investigation and recall, counsel fees, judgments and settlements, for injury to or death of any person, property damage

or any other loss suffered or allegedly suffered by any person or entity and arising out of or otherwise in connection with any defect of any product of OEM or Customers that incorporates the Products delivered by Brooks to OEM or Customers hereunder (except for non-conformities solely in connection with the Products); provided, however, that Brooks shall give OEM prompt notice, in writing, of all such claims or actions instituted against it, and an opportunity to elect to take over, settle or defend the same through counsel of OEM's own choice and under OEM's sole discretion and at OEM's own expense, and will make available to OEM in the event of such election, all defenses against such claims or actions, known or available to Brooks.

12. LIMITATIONS ON LIABILITY

NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED HEREIN, THE LIABILITY OF BROOKS UNDER THESE TERMS AND CONDITIONS (WHETHER BY REASON OF BREACH OF CONTRACT, TORT, INDEMNIFICATION, OR OTHERWISE, BUT EXCLUDING LIABILITY OF BROOKS FOR BREACH OF WARRANTY (THE SOLE REMEDY FOR WHICH SHALL BE AS PROVIDED UNDER SECTION 8 ABOVE)) SHALL NOT EXCEED AN AMOUNT EQUAL TO THE LESSER OF (A) THE TOTAL PURCHASE PRICE THEREFORE PAID BY THE OEM TO BROOKS WITH RESPECT TO THE PRODUCT(S) GIVING RISE TO SUCH LIABILITY OR (B) ONE MILLION DOLLARS (\$1,000,000). NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED HEREIN, IN NO EVENT SHALL BROOKS BE LIABLE FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES (INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF USE OF FACILITIES OR EQUIPMENT, LOSS OF REVENUE, LOSS OF DATA, LOSS OF PROFITS OR LOSS OF GOODWILL), REGARDLESS OF WHETHER BROOKS (a) HAS BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES OR (b) IS NEGLIGENT.

Because of the hazardous nature of vacuum processing and Brooks' inability to control the scope or manner of data entry into its Systems, neither Brooks nor its Licensors shall be held liable for any damages, costs, loss, or personal injury due to the implosion, explosion, burning, damage or other failure of any non-Brooks products connected to the Systems. OEM shall be responsible for providing hardware interlocks which prevent unsafe control actions by the Systems.

13. CHANGES AND DISCONTINUANCE

Brooks reserves the right to make changes in the specification of the Products or parts thereof, or to discontinue manufacturing the Products. Brooks shall provide sixty (60) days written notice to OEM prior to such change or discontinuance. (b) OEM hereby expressly acknowledges that the technical data and the direct product thereof contained in the Products may be subject to export controls of the United States and agrees that neither such technical data nor the direct product thereof will be transferred, directly or indirectly, to any destination contrary to the requirements of the law of the United States, including but not limited to the terms of any export license and the terms of Part 774 (re-exports) of the U.S. Export Administration Regulations. Further, OEM hereby provides its assurance that it will not participate in any transaction which may involve any commodity or technical data, or the direct product thereof, exported or to be exported from the United States, or in any re-export thereof, or in any other transaction that is subject to export controls of the United States, if a person denied export privileges from the United States may obtain any benefit from or have any interest in, directly or indirectly, these transactions.

16. USE OF TRADEMARKS AND INTERNET

OEM shall not alter, remove from the Products, or interfere with the trademarks, trade names and service marks owned by Brooks (the "Marks"). OEM's use of the Marks hereunder shall be subject to such requirements as Brooks believes are appropriate to protect such Marks and Brooks' ownership rights therein, and Brooks shall have the right to monitor such use. OEM hereby does and shall at all times acknowledge Brooks' right, title and interest in and to the Marks and shall not in any manner represent that it has any ownership interest in the Marks. OEM will not adopt or use any trademarks, trade names or service marks confusingly similar to the Marks. OEM shall not at any time do or permit any act to be done which may in any way impair the rights of Brooks in the Marks. OEM shall not use any of the Marks on or in connection with any goods or services other than the Products. Upon termination of this Agreement, OEM will discontinue any and all uses of the Marks.

The Warranties described in Article 8(a)(i) of the Agreement shall only apply to the current release of the Software and shall not apply to any custom Software or customer specific changes to the Software. Software that contains bug fixes and error corrections, as determined in Seller's sole discretion, are included in warranty.

5. Confidentiality. The Software is valuable to Brooks and shall be treated as confidential information of Brooks, subject to the confidentiality provisions of Article 19 of the Agreement. The ideas and the expressions thereof contained in the Software are confidential and proprietary information and trade secrets of Brooks and/or its Licensors that are disclosed to OEM in confidence. OEM shall not cause or permit reverse engineering, disassembly or decompilation of the Software or disclosure, copying, display, loan, publication, transfer of possession (whether by sale, exchange, gift, operation of law or otherwise) or other dissemination of the Software, in whole or in part, to any third party without prior written consent of Brooks. OEM shall not modify, enhance or otherwise change or supplement the Software. OEM shall limit use of and access to the Software to such of OEM's employees as are directly involved in the utilization of the Software and who are bound in writing to preserve the confidentiality thereof. OEM shall take all reasonable steps to safeguard the Software and to ensure that no unauthorized persons have access to the Software, and to ensure that no persons authorized to have such access shall take any action which would be in violation of this Agreement if taken by OEM. OEM shall promptly report to Brooks any actual or suspected violation of this Paragraph and shall take further steps as may reasonably be requested by Brooks to prevent or remedy any such violation.

6. Modifications by Brooks. It is understood and agreed by OEM that the Software, and any Enhancements thereto, including without limitation, unless otherwise expressly agreed to in writing between Brooks and OEM, those resulting from any tasks, work, assignments or services supplied by Brooks to OEM or its suppliers or Customers (including training), shall be and remain the sole and exclusive property of Brooks and/or its Licensors, subject to the use thereof by OEM only under the terms of this Agreement.

7. Termination. The licenses granted under this Agreement shall remain in effect until (i) Brooks terminates the licenses by reason of OEM's breach of any of the terms or conditions of this Agreement and then its failure to cure such breach in accordance with the provisions of this Agreement, or (ii) OEM terminates the licenses in writing. Upon termination of this Agreement, OEM shall forthwith pay all sums invoiced to OEM by Brooks and return or destroy all copies of the Software at Brooks' instruction and shall certify in writing by an officer of OEM that all copies and systems recovery copies thereof have been destroyed and/or deleted from OEM's computer libraries or storage facilities and are no longer in use.

8. Sub-licensing Software.

A. OEM will be permitted to sublicense to Customers the Software solely for the operation of the Products sold by OEM to Customers hereunder, provided that the sublicense is effected by an agreement signed before the Software is provided and only if the sublicense includes the same definitions of terms as used herein, and under which each Customer expressly agrees with OEM:

- 1) that each copy of the Software, including any subsequent updates, is licensed to Customer on a non-exclusive basis for use only as part of the Products, on each unit of Equipment on which the Software is first installed, or on another unit of Equipment only on a temporary basis during a malfunction of the original Equipment which causes the Software to be inoperable,
- 2) that no copy of the Software may be reproduced by Customer in any form, in whole or in part,
- 3) that no title to or ownership of the Software or copyright therein is transferred to Customer, or to any other person,
- 4) that OEM may terminate the Software license and require return of the Software if Customer fails to comply with any of the license terms and conditions,
- 5) not to provide or otherwise make available the Software to any other party (except Customer's employees directly concerned with the Customer's licensed use of the Software),
- 6) that Brooks shall have the right to enforce these provisions against the Customer (including the right to terminate the sublicense) directly if Customer is in breach of the sublicense provisions,
- 7) that Customer shall not create or attempt to derive, by reverse engineering, de-compilation or otherwise, the Software source programs or any part thereof from the Software object programs or from other information made available under this Agreement,
- 8) that Brooks or its Licensors shall have no obligation or liability for incidental, special, indirect or consequential damages arising out of or in connection with this agreement, including without limitation Customer's loss of use, data, anticipated revenues or profit, failure to realize expected savings, or other commercial or economic loss, regardless of the cause (including negligence) even if Brooks has been advised of the possibility of such loss,
- 9) that Brooks' liability, and that of its licensors, arising out of the manufacture, sale or supplying of a product or its use or disposition, whether based upon warranty, contract, tort or otherwise, shall not exceed the actual purchase price paid by OEM for such product, and
- 10) that because of the hazardous nature of vacuum processing and Brooks' inability to control the scope or manner of data entry into its Systems, neither Brooks nor its Licensors shall be held liable for any damages, costs, loss, or personal injury due to the implosion, explosion, burning, damage or other failure of any non-Brooks systems connected to the Systems. Customer shall be responsible for providing hardware interlocks which prevent unsafe control actions by the Products.

B. Termination of any License granted to OEM shall not affect valid sublicenses granted by OEM under this Sublicense provision in good faith for consideration prior to receiving notice of termination. OEM shall not be liable to Brooks for any breach by a Customer of the terms of any sublicense unless OEM has willfully or negligently contributed to or cooperated in the breach. OEM agrees to cooperate with Brooks in any proceedings against any Customer alleging breach of the sublicense terms.

C. OEM's obligations under this Agreement and under the sublicenses granted to Customers, including an obligation to, upon Brooks' request, certify compliance with this Agreement, shall survive expiration or termination of this Agreement.
